WISER WORDS 3
Do something because you really want to do it. If you're doing it just for the goal and don't enjoy the path, then I think you're cheating yourself.

HERE'S HOW TO COUNTER FAKE NEWS

Experts have identified the physical features of fake news. They include sensational headlines, lack of credible sources, and the use of emotional language. To counter fake news, readers should verify the source, check the date, and look for credible evidence.

North Korea fires 2 short-range missiles

North Korea has fired two short-range ballistic missiles into the sea. The missiles were launched from the Punggyeong missile complex. The launch was the first since the UN Security Council's latest resolution demanding a complete denuclearization of North Korea.

Rajm's roof leaves load risk

The roof of the Rajm building in Mumbai is in a state of disrepair. The structure is old and has several leaks. The building's management is planning to repair the roof to prevent further damage and ensure the safety of the occupants.

Presenter fired after royal baby tweet

A television presenter has been fired for tweeting about the birth of Prince Louis. The tweet was considered disrespectful to the royal family. The presenter's actions have caused a significant controversy.

North Korea fires 2 short-range missiles

North Korea has fired two short-range ballistic missiles into the sea. The missiles were launched from the Punggyeong missile complex. The launch was the first since the UN Security Council's latest resolution demanding a complete denuclearization of North Korea.

Mercury to hover above 40°C next few days

The mercury is expected to rise above 40°C in the next few days. This is due to a high-pressure system moving over the region. The heatwave will be particularly intense in the afternoon and evening hours.

UNICEF TEACHERS' RIGHTS & SALARIES

UNICEF has released a report on the rights and salaries of teachers. The report highlights the challenges teachers face, such as low pay and lack of social security. It calls for governments to improve the conditions of the teaching profession.

SC rejects plea on Rahul Gandhi citizenship

The Supreme Court has rejected a plea to review the citizenship of Rahul Gandhi. The court held that the Citizenship Act, 1955, is constitutional. This decision is a significant victory for the government.

Visit Sunder Nursery with inked finger on Sunday

Visitors to Sunder Nursery in Delhi are advised to wear an inked finger on their hand. This is to prevent the spread of a disease that affects the plants. The nursery has implemented this measure to protect its collection.

Study finds, Indians, Chinese reluctant to use public transport

A study has found that both Indians and Chinese are reluctant to use public transport. The reasons include safety concerns, overcrowding, and poor service. The study suggests that governments should invest in better public transport systems.

Only Rail Neer at 74 more stations, Railway orders

The Rail Neer scheme has been extended to 74 more stations. The Railway Ministry has ordered the implementation of the scheme at these stations. This will provide water to a larger number of people.

STORY 2/1

REIWA - JAPAN'S NEW ERA

The new era began today when Prince Naruhito ascended the Chrysanthemum Throne the seventh as Emperor Akihiko, who abdicated on April 30, ending the Heisei Era.

UNVEILED ON APRIL 1
Chief Minister Shinzo Abe's 2019 budget announcement on April 1, 2019, marked the start of the Reiwa era. The name 'Reiwa' was chosen from a public consultation process that received over 1.6 million suggestions.

HEISEI 1989-2019
The Heisei era began on January 8, 1989, with the accession of Emperor Akihiko. It was characterized by economic growth, technological advancement, and the rise of the internet. The name 'Heisei' was chosen from a public consultation process that received over 1.6 million suggestions.

MEIJI 1868-1912
The Meiji era began on October 23, 1868, with the Meiji Restoration. It was a period of rapid modernization and industrialization, leading to Japan's emergence as a major world power.

SHOWA 1926-1989
The Showa era began on December 25, 1926, with the accession of Emperor Hirohito. It was a period of significant military expansion and the Second World War.

TAISHO 1912-1926
The Taisho era began on July 30, 1912, with the accession of Emperor Meiji. It was a period of political and social reform, leading to the establishment of a constitutional monarchy.

GENGO WESTERN/GENGO WESTERN
The Gengo era is characterized by its Western-style names, which are derived from the names of the emperors. The names are: Heisei (1989-2019), Reiwa (2019-), Meiji (1868-1912), Showa (1926-1989), and Taisho (1912-1926).

CHOISING OF GENGO
The name of the era is chosen by the Emperor. The name is chosen from a public consultation process that receives over 1.6 million suggestions. The name is chosen from a list of names that are submitted by the public.

SELECTION PROCESS
The name of the era is chosen by the Emperor. The name is chosen from a public consultation process that receives over 1.6 million suggestions. The name is chosen from a list of names that are submitted by the public.

ENDING OF THE IMPERIAL ERA NAME
The name of the era is chosen by the Emperor. The name is chosen from a public consultation process that receives over 1.6 million suggestions. The name is chosen from a list of names that are submitted by the public.

Faxpas Newspaper prints rival's pages

MUMBAI: ADOPTING a novel tactic to counter its competitor, Faxpas has begun to print rival newspaper Daily Telegraph's pages after a year-long legal battle. The move is seen as a significant step towards ending the long-standing rivalry between the two publications. Faxpas, a Mumbai-based newspaper, has been printing the Telegraph's content since late 2018. The Telegraph has previously sued Faxpas for copyright infringement, but the court ruled in favor of Faxpas.

Notre Dame fire: 9-year-old girl donates \$3

INDIANAPOLIS: A nine-year-old girl from the town of Ellettsville, Indiana, has donated \$3 to help rebuild Notre-Dame Cathedral in France. The girl, named Elizabeth, was inspired by the cathedral's history and the efforts to restore it after the devastating fire in April 2019. Her donation is a small but meaningful contribution to the \$850 million restoration project.

Avergers... Crying fan hospitalised

MUMBAI: A fan of the movie 'Avengers: Endgame' was hospitalized after crying uncontrollably for several hours. The fan, a young man, was taken to a hospital in Mumbai after being found on the ground in front of a cinema theater. Medical staff reported that he had no physical injuries but was in emotional distress. He was discharged after a few hours of observation.

It's new air - Shoppers laments of Heisei air

TOKYO: Many Japanese shoppers are lamenting the quality of the air in Heisei-era stores. They are comparing it to the fresh air of the new Reiwa era. The issue is related to the aging infrastructure of many retail spaces and the lack of modern ventilation systems. Shoppers are expressing their dissatisfaction with the indoor air quality.

35 rare saxophones stolen from collector

BOMBAY: A collector of rare saxophones has reported the theft of 35 instruments from his collection. The collector, who has spent years acquiring these rare instruments, is now searching for their whereabouts. The stolen saxophones are valued at several lakhs of rupees. The collector is a well-known name in the music community.

Madras HC setback for LG Kiran Bedi

CHENNAI: The Madras High Court has ruled against LG Kiran Bedi in a case related to the appointment of a new governor. The court's decision is a setback for Bedi, who had been challenging the appointment. The court held that the appointment was valid and in accordance with the law.

Navy on high alert for cyclone

COAST GUARD: The Indian Navy has placed its coastal guard units on high alert to monitor and respond to any potential cyclone activity in the Bay of Bengal. The navy is closely tracking weather patterns and has issued warnings to coastal areas. The alert is in effect until further notice.

'Positive progress' on Masood's China

NEW DELHI: The Indian government has reported 'positive progress' in its negotiations with China regarding the Masood case. The government has expressed optimism about the outcome of the talks. The case involves the extradition of a man named Masood to India for a criminal trial.

Hitler reported dead

STOCKHOLM: A Swedish newspaper has reported that Adolf Hitler was found dead in a forest near his home in the town of Berchtesgarden. The report is based on a letter found by a local resident. The letter mentioned Hitler's death and his wish to be buried in the forest. The report is widely regarded as a hoax.

100 YEARS OF ILO

The International Labour Organisation is a UN agency which strives to advance social justice and promote decent work by setting international labour standards.

HISTORY

The ILO was established on 11 April 1919, following the signing of the Treaty of Versailles. It was the first international organization to include workers' representatives in its structure. The ILO's mandate is to promote decent work, which includes the right to organize, collective bargaining, and fair wages. It has set numerous international labor standards, including the 8-hour workday and the prohibition of child labor.

SIGNIFICANCE

The ILO has played a crucial role in shaping the global labor movement. It has been instrumental in the development of labor laws in many countries. The ILO's standards have been widely adopted and have helped to improve the lives of millions of workers. The ILO has also been a key player in the fight against child labor and forced labor.

CHALLENGES

The ILO faces several challenges in the 21st century. One of the main challenges is the rise of the gig economy and the informal sector, which often lack the protections of formal labor laws. Another challenge is the impact of automation and artificial intelligence on the labor market. The ILO is working to address these challenges and ensure that workers are not left behind in the new economy.

JUSTICE FOR WORKERS

8 HOURS RECREATION

8 HOURS REST

8 HOURS LABOUR

INDIA'S LABOUR SCENARIO

INDIA'S LABOUR SCENARIO: A large number of workers in India are still working long hours without adequate rest and recreation. The ILO's 8-hour standard is a benchmark for decent work. In India, the average working hours are significantly higher than the 8-hour standard. This is due to a combination of factors, including the lack of strong labor unions and the prevalence of informal employment. The ILO is working to help India improve its labor standards and ensure that workers have the right to a decent work environment.

5 GOALS THAT ILO HOPES TO ACHIEVE BY 2030

1. Promote decent work for all.
2. Strengthen international labor standards.
3. Improve labor market conditions.
4. Enhance social dialogue.
5. Promote gender equality in the workplace.

WILL BE FUN TO BOWL WITH BUMRAH: SHAMI

By Writika Chatterjee

It is a common belief among Indians that the only way to win a Test match is to bowl first. This was again proven true during the first Test between India and Australia in Perth. India's bowlers were the main reason for their victory. The first Test was a one-day affair, but the second Test was a five-day affair. India's bowlers were the main reason for their victory in the first Test.

India will have early three-quarter points in the second Test. The Indian bowlers were the main reason for their victory in the first Test. The Indian bowlers were the main reason for their victory in the first Test.

It is a common belief among Indians that the only way to win a Test match is to bowl first. This was again proven true during the first Test between India and Australia in Perth.

'Our history's completely linked', says Alain Prost of rival Ayrton Senna

By Writika Chatterjee

Alain Prost, the French Formula 1 driver, has said that his rivalry with Ayrton Senna, the Brazilian driver, was completely linked. Prost, who won the 1985, 1986, 1989 and 1990 Formula 1 World Championships, said that Senna's victory in the 1991 race in Monaco was a turning point in their rivalry.

WISE WORDS »

We need to find God, and he cannot be found in noise and restlessness. God is the friend of silence. See how nature - trees, flowers, grass - grows in silence; see the stars, the moon and the sun, how they move in silence... We need silence to be able to touch souls.

PLASTIC IMPACT

There are 100 times more pieces of microplastic in our oceans and sea than there are plastic bottles.

SOME FACTS ON PLASTIC

- 1. 300 million tonnes of plastic are produced every year.
- 2. 2 million tonnes of plastic are dumped in the ocean every year.
- 3. 381 million tonnes of plastic are buried in landfills every year.
- 4. 385 million tonnes of plastic are recycled every year.

IT'S TIME TO THINK

1. **REDUCE** - Reduce the amount of plastic you use.

2. **REUSE** - Reuse plastic items as much as possible.

3. **RECYCLE** - Recycle plastic items properly.

ACTION TRAIN AGAINST PLASTIC POLLUTION

1. **PLASTIC POLLUTION** - Plastic pollution is a major environmental problem.

2. **PLASTIC POLLUTION** - Plastic pollution is a major environmental problem.

3. **PLASTIC POLLUTION** - Plastic pollution is a major environmental problem.

INSPIRING LIVES

INSPIRING LIVES hindustantimes 05

MONARCH OF THE MIND

ALBERT EINSTEIN Born on March 14, 1879, in Ulm, Germany, Einstein was a physicist, mathematician, and philosopher. He is best known for his theory of relativity, which revolutionized our understanding of space, time, and gravity. His work laid the foundation for modern physics and has inspired generations of scientists and thinkers.

SCIENTIFIC PAPERS & CAREER

Einstein's scientific career began in 1905 with his paper on the photoelectric effect, which introduced the concept of photons. This work earned him the Nobel Prize in Physics in 1921. He continued to explore the foundations of quantum mechanics and the nature of light, leading to his theory of relativity in 1915. His work on relativity fundamentally changed our understanding of the universe and has been confirmed by numerous experiments.

PERSONAL LIFE & LEGACY

Einstein was a pacifist and a social activist. He was married to Mileva Marić and they had three children: Lieserl, Hans Albert, and Eduard. He was also a close friend of Sigmund Freud and Mahatma Gandhi. His legacy is immense, as his theories have shaped our understanding of the universe and have led to many technological advancements, including nuclear energy and GPS technology.

INTERESTING FACTS

- 1. Einstein was a prodigy, showing exceptional mathematical abilities from a young age.
- 2. He was a pacifist and refused to accept a Nobel Prize medal for his work on relativity.
- 3. He was a close friend of Sigmund Freud and Mahatma Gandhi.
- 4. He was a social activist and worked for peace and social justice.
- 5. He was a vegetarian and a vegetarian.
- 6. He was a vegetarian and a vegetarian.
- 7. He was a vegetarian and a vegetarian.
- 8. He was a vegetarian and a vegetarian.
- 9. He was a vegetarian and a vegetarian.
- 10. He was a vegetarian and a vegetarian.

BARÇA SEED RED THREAT

FC Barcelona's performance in the UEFA Champions League has been a topic of discussion. The team's attacking prowess, led by players like Lionel Messi and Robert Lewandowski, has made them a formidable force. However, their defensive record has been a concern, with several goals conceded in key matches. The team's overall performance has been mixed, and they face a tough challenge in the upcoming rounds of the tournament.

GOALS

FC Barcelona has scored 15 goals in the UEFA Champions League this season.

ASSISTS

FC Barcelona has created 25 assists in the UEFA Champions League this season.

DEFENSE

FC Barcelona has conceded 10 goals in the UEFA Champions League this season.

DISCIPLINE

FC Barcelona has received 5 yellow cards and 2 red cards in the UEFA Champions League this season.

GOALKEEPERS

FC Barcelona's goalkeepers have made 15 saves in the UEFA Champions League this season.

PERFORMANCE

FC Barcelona's performance in the UEFA Champions League has been a mix of highs and lows. They have shown great attacking talent but have struggled in defense. The team's overall performance has been a topic of discussion, and they face a tough challenge in the upcoming rounds of the tournament.

HOW & WHY

PLASTIC IMPACT

There are 100 times more pieces of microplastic in our oceans and soil than there are stars in our galaxy.

SOME FACTS ON PLASTIC

- 8 million tonnes of plastic are dumped in the ocean every year.
- 11 million tonnes of plastic are dumped in landfills every year.
- 1.9 billion plastic bottles are thrown away every year.
- 100 billion plastic bags are thrown away every year.

IT'S TIME TO THINK

8 ways to reduce plastic waste:

1. Buy products with less packaging.
2. Buy products with recycled packaging.
3. Buy products with biodegradable packaging.
4. Buy products with reusable packaging.
5. Buy products with refillable packaging.
6. Buy products with compostable packaging.
7. Buy products with recyclable packaging.
8. Buy products with no packaging.

ACTION TRAIN AGAINST PLASTIC POLLUTION

1. Clean up plastic waste from beaches and water bodies.

2. Organise community clean-up drives.

3. Educate people about the危害 of plastic pollution.

4. Promote the use of reusable and biodegradable products.

5. Encourage businesses to reduce plastic waste.

6. Support government initiatives to ban single-use plastics.

7. Create awareness through social media and other platforms.

8. Encourage people to recycle plastic waste.

The People Who Protect Us From The Rain

THEY LIVE INSIDE US COVERED

What's the one thing that's synonymous with the monsoon? Umbrellas. Here are two families who have been shielding us from the showers for decades

Ramesh Babu and Rachel Lopez
*Illustration by Shantanu Chakraverty

If there were an artist for the monsoon, it would be Rachel Lopez. The 40-year-old, who lives in Hyderabad, has a gift for capturing the monsoon in her art. And that gift is her umbrella. She has painted more than 200 umbrellas in various colors and designs. Her art is not just a collection of umbrellas, but a celebration of the monsoon. She has painted umbrellas in various colors and designs, from simple to complex. She has painted umbrellas in various colors and designs, from simple to complex.

Ramesh Babu and Rachel Lopez are a family of two. They have been married for 20 years. They have two children, a son and a daughter. They are both artists. They have been married for 20 years. They have two children, a son and a daughter. They are both artists.

LOOKING BACK The monsoon has been a constant in their lives. It has been there for as long as they can remember. They have seen it grow from a simple seasonal change to a complex weather system. They have seen it change from a simple seasonal change to a complex weather system.

Crazy, cool, umbrellas...

SCHOOL STRIKE FOR CLIMATE

Greta Thunberg together with other young climate activists are leading a school strike in Sweden to demand more meaningful action to combat climate change. The 16-year-old Swedish activist has become a global icon for climate change activism. She has inspired millions of young people to join her in school strikes across the world. Her message is simple: 'We need to take action now to prevent a global climate catastrophe. The world is burning. We need to act now.'

ILLUSTRATION: MOHIT SUNEJA

climatewarrior ALL FIRE UP

Greta Thunberg, 16, is one of the most strident voices in the fight against climate change. But can the example she's setting be followed?

Zara Muzaffar

It's not just us. The girl who has become a global icon for climate change activism is not alone. She is part of a larger movement of young people who are demanding more meaningful action to combat climate change. Her message is simple: 'We need to take action now to prevent a global climate catastrophe. The world is burning. We need to act now.'

Her recent voyage by boat across the Atlantic is being seen as an ultimate solution to an everday problem, and a master opportunity to raise awareness about climate change. Her message is simple: 'We need to take action now to prevent a global climate catastrophe. The world is burning. We need to act now.'

What is so special about a 16-year-old girl who has become a global icon for climate change activism? Her message is simple: 'We need to take action now to prevent a global climate catastrophe. The world is burning. We need to act now.'

HER RECENT VOYAGE BY BOAT ACROSS THE ATLANTIC IS BEING SEEN AS AN ULTIMATE SOLUTION TO AN EVERYDAY PROBLEM, AND A MASTER OPPORTUNITY TO RAISE AWARENESS ABOUT CLIMATE CHANGE.

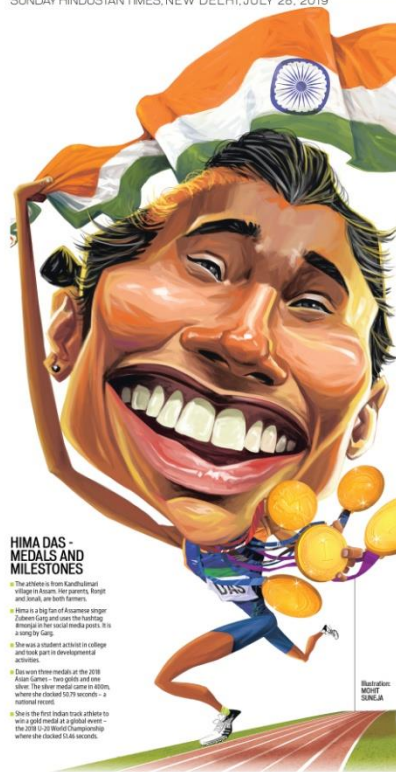

Climate change is not a new concept. It has been around since time and time again. But it is now more of an everyday problem. Her message is simple: 'We need to take action now to prevent a global climate catastrophe. The world is burning. We need to act now.'

It is not just us. The girl who has become a global icon for climate change activism is not alone. warmingup RIGHT TRACK

Hima Das is the toast of Indian athletics right now. Her five golds in Europe this month suggest she has a shot at the World Championships. But here's a reality check: will she qualify?

Ashish Patel

The railway station in Dibrugarh, Assam, is a bustling place. It is the gateway to the world of Indian athletics. Himanshu Datta, a young man in a blue and purple athletic outfit, is running on a track. He is wearing a hat with the Indian national flag colors and holding a bunch of gold medals.

HIMA DAS - MEDALS AND MILESTONES

At 16, she has won five gold medals in Europe. She is the youngest Indian athlete to win five gold medals in a single competition. Her message is simple: 'We need to take action now to prevent a global climate catastrophe. The world is burning. We need to act now.'

ILLUSTRATION: MOHIT SUNEJA

HER BEST EFFORT THIS YEAR HAS BEEN 52.29 SECONDS IN 400 METRES AND 22.25 SECONDS IN 200 METRES IN THE CZECH REPUBLIC.

“THE MOST IMPORTANT THING IN A WAR IS FOR PEOPLE
TO FEEL UNIFIED, INSPIRED ”
